Int / Exp
Leg B

Lucky Charms

Start of Leg B: Start on the eastern edge of the Flying Spatula parking lot. Zero your odometer by the hydro pole on the east side of the lot before leaving.

Navigate the map below from the start of section at the Orange Star ★ to the end of section at the Pink Heart ♡. At each intersection perform the instruction indicated by the charm as follows: Green Clovers ♣ Left, Blue Diamonds ♦ Straight, and Yellow Moons ☾ Right. Note that the map does not include irrelevant local roads (which are not used). The Leg B CAS table is elsewhere in the Leg B route notes.

Cautions:

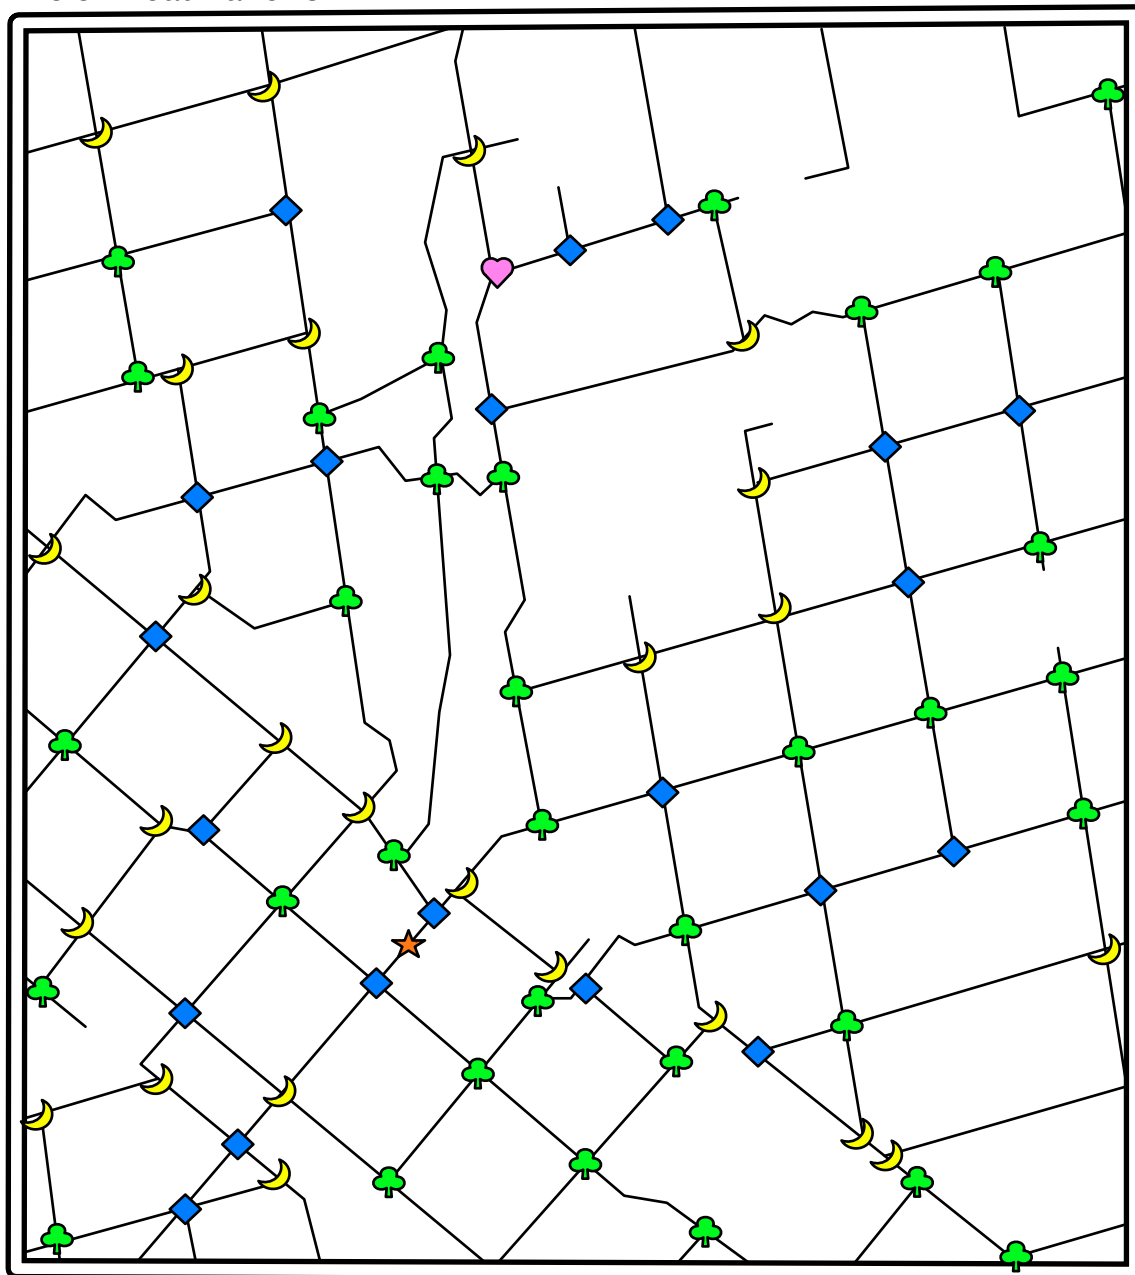

17.7 - Downhill into 1 lane bridge.

25.8 - Road narrows

PAUSE

8.39 - 30s

14.64 - 30s

No(t) Winter Maintenance

The snow ploughs of Grey County don't use these directions to plough the local roads. You'll want to track your actions at each instruction, as later instructions reference previous instructions. The CAS table is elsewhere in the Leg B route notes.

0.00 - Turn left, not North

3.05 - Turn. Also, remember that using first gear will limit your speed. Just FYI.

4.46 - Don't Turn

4.58 - Narrow Bridge

6.47 - Do what you did immediately before the bridge.

7.88 - Another like at 4.58

8.55 - Do what you did at 0.00

9.89 - Turn, but not the way you did at 3.05.

12.5 - Don't turn like you did at 9.89, but don't go straight either.

16.05 - Turn counter to clockwise.

17.07 - Don't go straight. Also don't expect to see checkpoints for the next 8.12km. Don't think I'm not telling the truth, or that I don't want you to relax and have a good time while doing so. Beware of oncoming traffic.

19.66 - Not unlike 7.88

23.23 - Not unlike 6.47

24.32 - **Caution!** Don't hit the deep potholes for the next 100m. You won't enjoy it, and neither will your car.

25.19 - Don't do what you did at 0.00

28.71 - Don't turn

28.81 - Don't turn the way you could have at 28.71 but didn't. Also don't go straight.

29.41 - Don't turn onto local roads during the next 500 meters

30.62 - Don't do what you did at 3.05 or 8.55.

30.79 - Don't do what you just did. Also don't do what was done at 9.89 or 16.05

32.66 - Neither stop now, nor enter the park on your right.

33.99 - Don't go the same compass direction as 00.00. And don't expect section 2 to continue.

Slide Ruler (or pick it up)

Using the end of section map, plot each route point by finding the intersection point of two lines drawn between the two pairs of towns listed. Plot your route as the shortest route that goes through the listed points in order (1 to 6). After reaching point 6, proceed by the shortest route to the end of section. Do not double back at any time. The CAS table is elsewhere in the Leg B route notes, I hope you've found it. Minor discrepancies between the line intersection points and actual road locations are entirely the fault of towns not being built where they should have been. The various town councils have promised to resolve this for next year.

Point 1:

RedWing (D3) - Saugeen (D5) and Kolapore (E3) - Strathavon (B2)

Point 2:

Feversham (E4) - Fairmount (C2) and Gibraltar (E3) - Buinessan (B5)

Point 3:

Slabtown (D2) - Hatherton (E5) and Ceylon(C5) - Ravenna (E2)

Point 4:

Victoria Corners (E2) - Hutchisons Corners (C4) and Castle Glen (E3) - Goring (C3)

Point 5:

Heathcote (D2) - Wodehouse (C3) and Loree (E2) - Temple Hill (C3)

Point 6:

Duncan (D3) - Rocklyn(C2) and Holland Center(A3) - Banks (E2)

Cautions:

10.83 - Drop on right, Rock wall on left.

28.07 - Narrow bridge

35.81 - Narrow bridge

Pause:

35.81 - Pause 15 seconds

2011 No Winter Maintenance Rally - Leg B Section 4

Sum Thing Awful

Use the following distances and values as a road count to find your way to the end of the rally. The instruction distances are non-accumulative. Also keep a running total of the count values, with each new total being the roads to be counted at that distance (ie: second round count is 4). Count roads clockwise, with the first road to your left being road 1. The CAS table is elsewhere in the Leg B route notes. Read the instructions by column, top to bottom. For clarity, the intersections at 16.57 and 17.89 are both counted a 3 way roads.

Elapsed Time (ET) - At 30.82 km, take 15 minutes 36 seconds to reach end of section.

0.00 - 1	3.79 - 3	3.01 - 3	6.16 - 5
5.68 - 3	1.32 - 1	3.81 - 1	0.93 - 1
0.07 - 4	1.83 - 5	1.17 - 5	0.59 - 5
4.03 - 5	0.15 - 4	2.14 - 4	
3.00 - 6	0.08 - 2	1.95 - 3	

Caution:

20.00 Narrow Bridge

17.89 Steep downhill right

30.82 Narrow Bridge

End of Section Info

Leg B - End of Section info

Section B1 - Length: 31.08 km Car 0 Time: ~ 2:21 pm

Ends facing West on Artemesia Euphrasia Town Line, turning Left (South) onto Grey Rd 13.

Section B2 - Length: 33.99 km Car 0 Time: ~ 2:50 pm

Ends facing East on Sideroad 7B, turning left (North) onto Sideroad 10D

Section B3 - Length: 45.04 km Car 0 Time: ~ 3:41 pm

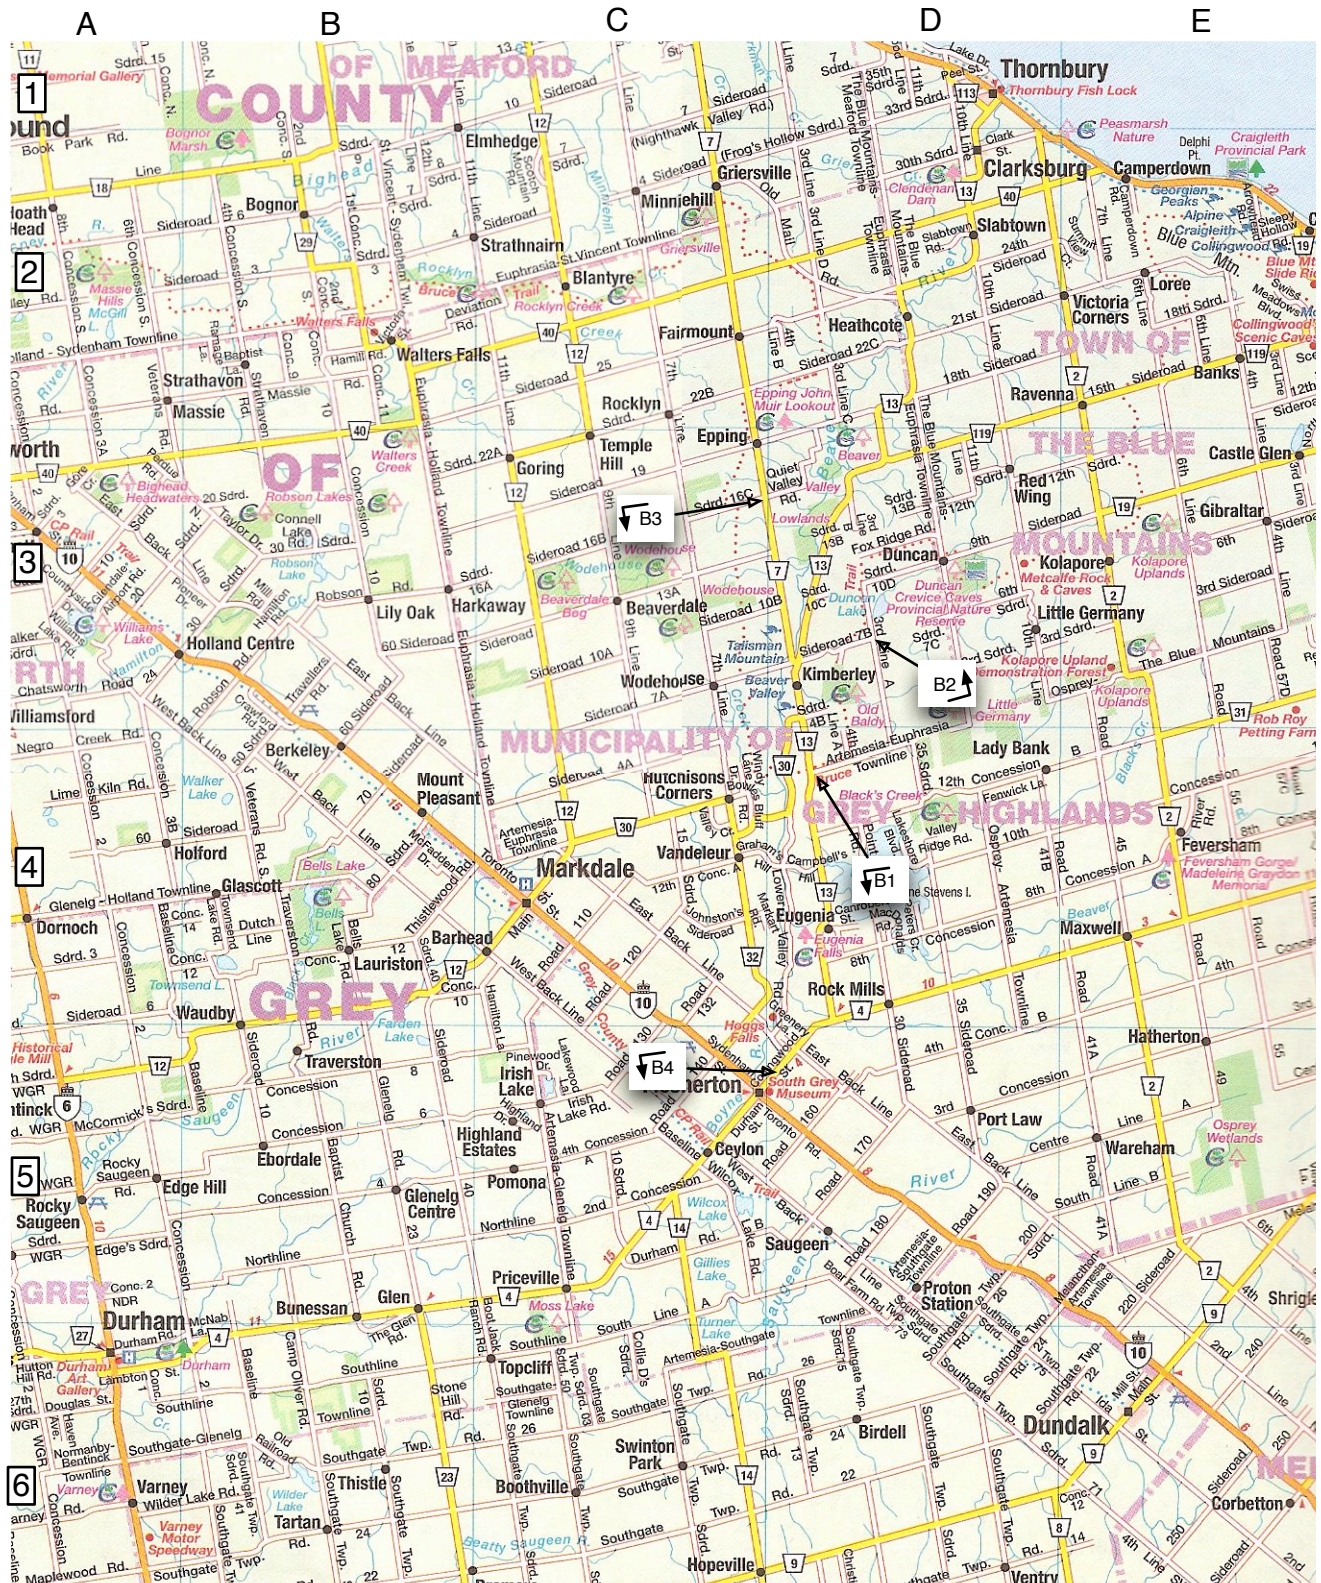

Ends facing West on Quiet Valley Rd, turning left (south) onto Grey Rd 7.

Section B4 - Length: 39.71 km Car 0 Time: ~ 4:30 pm

Ends heading south west on Grey County Rd 4, turning left into the Flying Spatula Diner.
